POSTED BY MATT DAVIS ON WED, OCT 21, 2009 AT 12:43 PM

"I have seen many documents associated with the case, some of which you have had the chance to review, and some you have not, and **I have concluded in my review of the documents that the death of Mr.Chasse is completely unjustifiable and inexcusable,**" said Leonard. "One has to remember that the death of Mr.Chasse began with an allegation that Mr.Chasse was urinating in the street. He was a mentally ill, homeless man. Where else was he to use the restroom?"
