Bob Nikkel - History paper

• Thesis 1st

• Details in an interesting order

- technology
- money
- decline of medical dominance
 - in the absence of science, MD as shaman
 - role of institution
- changing role of the institution - decline of anger
- emerging interest in personal & civil rights.
- apotheosis of community life... but is it based on fact or myth as was view of S.H.
- ~~dangerous~~ replaces competence as criterion for care.

* "going to the state hospital" - how has the meaning of this changed
"put away" "funny farm"

"safety net" public or private (trust fund)
