Deaths	101	2.06	41	29	31	31%	31	70	69%

<b>After USDOJ v Portland - (2012-2018) total - 30</b>	<b>deaths</b>	<b>annual avg.</b>	<b>white</b>	<b>NA.1</b>	<b>POC</b>	<b>POC%</b>	<b>NA.2</b>	<b>affected</b>	<b>affected%</b>
Number of people shot at - not hit (4)	0	0.4	3	0	1	25%	1	3	75%
Number of people shot and wounded (10)	0	1.6	8	0	2	22%	3	7	70%
Number of people shot and killed (13)	13	2.2	10	0	3	25%	0	13	100%
Number of people killed otherwise (0)	0	0	0	0	0	0%	0	0	0%
Number of people suicided during confrontation (3)	3	0.50	1	1	1	33%	2	1	33%
Deaths	15	2.7	11	1	4	27%			87%

Data is from public record - homicide reports, newspaper reports, and from direct reports from surviving family members.

The variance in the NA.1 - unknown race - category is due to a shift in newspaper reporting in the past decade.

### KEY

deaths = number of persons killed by PPB officers

# harmed = number of persons harmed by PPB officers

annual avg. = average number of persons harmed by PPB officers over duration

white = persons who are or were white.

NA.1 = unknown racial background
