Tom,

You requested the following proposal, voted upon and passed out of the DSUFCS subcommittee 11/16/2015:

"Before any steps are taken by the COCL, the City Attorney, the City of Portland or the DOJ to resolve Paul Meyer's October 16 and 29, 2015, complaints against Philip Wolfe, Rochelle Silver, and Tom Steenson, the full COAB should be consulted and approve of a process set forth in writing for resolving complaints against COAB members."

The request is denied as it inappropriate to put this on the COAB agenda.

- 1) the COAB does not have the power to stop the processes of any of the entities named in the proposal
- 2) COAB administrative processes are the purview of the COCL

Hearing yours and others concerns about fairness, I am working on a process to promote confidence in a fair disposition of the the Complaints)

Please add the DSUFCS's recommendation regarding the resolution of Paul's complaints to the agenda for the full COAB meeting on 11/19.

Thanks.
